DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of Group III (claims 45-51) in Paper No. 20 is acknowledged.

Specification

A substitute specification in proper idiomatic English and in compliance with 37 CFR 1.52(a) and (b) is required. The substitute specification filed must be accompanied by a statement that it contains no new matter.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 48-51 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 45, line 1, the phrase "in particular" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention.

In (claim 45, line 4 and lines 11 and 12) "...an end wall or a base wall.." it is not clear which one applicants are trying to claim, is it an end wall or a base wall?;

In (claim 45, line 9 and 10) "...taking and/or by a narrow continuous or interrupted sealing strip,.." it is not clear by which way applicants are connecting the side tabs; etc.

Allowable Subject Matter

Claims 48-51 are allowed.

Claim 45 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claims 46 and 47 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Ghini 6223506, Focke 4330977, and Davies 4036117 disclose different method of producing pack made of cardboard.
